Forecast For Wales
Issued by Met Office Exeter
at 1600 on Thursday 28 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain throughout, clearing into the night. Strong winds.

This Evening and Tonight:
Rain will spread across the country during the evening, heavy at times for some, before clearing eastwards into the night. Dry spells overnight, before showers during the early hours. Windy throughout, with gales along the south coast towards dawn. Minimum temperature 6 deg C (43 deg F).

Friday:
Rain will clear, with winds easing through the morning. A mostly dry afternoon, with some sunny spells and patchy rain in places, primarily in southern areas. More rain approaches overnight. Maximum temperature 10 deg C (50 deg F).

Outlook for Saturday to Monday:
A risk of rain, snow, and strong winds on Saturday, easing later. An icy and dry start to Sunday, with rain and snow later. Cloudy and mostly dry on Monday.
